

KEENON S300 ***HEAVY-LOAD INTELLIGENT*** ***DELIVERY ROBOT***

Tackle heavy-duty delivery demands across all scenarios, and achieve efficient and accurate intelligent handling.

Ideal for factories, hotels, supermarkets, warehouses, hospitals, and more.

KEENON

A Single Touch Lifts 300 kg Making Heavy Delivery Easy

A industry-low 23 cm chassis and a powerful lift built to smoothly tackle 300 kg loads.

Dynamic Auto-planning Instant Response

AI-powered path planning, adapts in milliseconds to avoid obstacles on the move.

Offline Control, Uninterrupted Operation

Operates offline, standalone, no Wi-Fi or 5G required.

Flexible Deployment Quick Setup Without Hassles

True plug-and-play deployment: no facility changes, operational in 1 day.

360° Safety Shield: Operate with Peace of Mind

Powered by an advanced fusion of 3D vision, dual LiDAR, and VSLAM navigation — backed by triple emergency stops — our system proactively prevents collisions and keeps operations running safely and smoothly.

Dimensions (L × W × H)	925 × 640 × 1282 mm
Weight	115 kg (including battery)
Max. Payload	300kg
Battery Life	Up to 6 h
Charging Time	3.5h
Chassis Ground Clearance	23 cm
